COPYRIGHT 1958 BY THE ILLINOIS BELL TELEPHONE COMPANY PRINTED IN THE U.S.A.

A letter is nice . . . but you  
get so much

more pleasure  
from a call

**IT'S EASY—**

1. If you'll talk to anyone who answers, give the "Long Distance Operator" (from Kinmundy telephones, give the Operator) the town and telephone number you want. (Example: "St. Louis, Missouri, WO odward 5-3456.") Your call will go through faster if you call by number.

2. If you want to reach a particular person by name or title, tell the operator so. Person-to-person charges begin when the person you want answers. Rates for these calls are somewhat higher.

3. If you want to call "collect," tell the operator so. On these calls the conversation does not begin until the called person accepts the charges.

4. If you want to connect three or more telephones in one or more communities, ask the operator for the "Conference Operator." You'll all be able to talk as though in the same room.

**IT'S FAST—**

Calls go through in seconds, so if you'll stay on the line, you'll be able to start talking promptly.

**IT'S ECONOMICAL**

Day rates are low. Night rates (6 P.M. to 4:30 A.M. daily and all day Sunday) are lower still, in fact during these times you can call anywhere in the U.S. for \$1.90 or less.

Here are some  
"after 6 P.M." station-  
to-station rates for  
the first 3 minutes\*

FROM Kinmundy & Salem  
Telephones

TO—	RATE
Albuquerque, N. Mex. . . . .	\$1.35

Give call to her

Assistance Operator ....."Supervisor"

Explain difficulty

Business Office—Service Representative.. 9981

Ask for "Business Office"

**TO FIND GOVERNMENT OFFICES** see the Yellow Pages under "Governmental Offices"

\* \* \* \* \*

### YOUR SERVICE REPRESENTATIVE

You have a personal representative to help you with any telephone company business . . . she's a young lady called a Service Representative. She'll answer your questions and help solve your telephone service problems. She'll help you with additional service, your telephone directory listing, moving your telephone, or with questions about your telephone bill. Just call the telephone business

office and ask for your Service Representative.

She'll also be glad to welcome you in person at the business office. We're open from 8 A.M. to 5 P.M., Monday through Friday.

For your convenience in paying bills when the office is closed, a deposit box is located near the door. You'll find a supply of envelopes there too.

*For That Home-To-Be...*

**PLANNED TELEPHONE SERVICE!**

When planning that postwar home be sure to make provisions for telephone service. Rigid, flexible or thinwall conduit can be built in easily at the time of construction . . . eliminating exposed wiring on baseboards and moldings.

Your telephone company will give you further details on request. Just call our business office and ask for:

"Architects' and Builders' Service"

BE SURE OF THE NUMBER BEFORE YOU CALL

# REGULATIONS

## APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

## ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in one of the following ways:

- (1) By furnishing references acceptable to the Telephone Company.
- (2) By providing a suitable guarantee in writing, in form prescribed by the Telephone Company.
- (3) By means of a cash deposit.

The Telephone Company may require the subscriber to increase the amount of the deposit at any time if, in its opinion, the charges billed against the subscriber are found to warrant such an increase.

Interest at the rate of not less than 5% per annum shall be paid by the Company on all deposits made for the purpose of establishing credit.

Service may be discontinued for failure to establish credit, as authorized above, within five days after the Company has served or mailed notice requiring the subscriber so to do. Where service has been discontinued for failure to establish credit as authorized by these Regulations, the regular restoral charge will be made and collected by the Company.

## OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of any advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus, or devices are so attached or connected, or to terminate the service.

## INTERRUPTIONS TO SERVICE

When requested by the subscriber, if service is interrupted for more than 24 hours, and for causes other than

the negligence or willful act of the subscriber, an allowance shall be made, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

## TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

## TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the Company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

## USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

## PAYMENT FOR SERVICE

The subscriber is responsible for payment of all charges for facilities and services furnished the subscriber, including charges for services originated, or charges accepted, at such facilities. All bills are due when rendered and are payable at the Telephone Company's business offices.

In the event that any sum due is not paid on or before the 14th day after the issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that the amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a Restoral of Service Charge of \$1.50 will be made. In case service has been denied, in addition to the restoral of service charge, the subscriber will be required to pay all service charges up to the time of restoral of service. Subsequent to the completion of an order to terminate the service, it will be reestablished only upon the basis of a new service application.

These Regulations are Excerpts from the Official Regulations of this Company as on File with the Illinois Commerce Commission, June 17, 1958.

A BUYERS' GUIDE, containing Classified Lists of Customers of Business Telephone Service of the Illinois Bell Telephone Company. Names are arranged in alphabetical order, under headings generally descriptive of the type of business or profession.

As an added service to users of this directory as well as to themselves, many business telephone customers have purchased additional directory representation consisting of listings, night telephone numbers, office hours, and advertising.

*It's easy to find  
it fast in the* **YELLOW PAGES**

**WHEN YOU WANT TO BUY SOMETHING . . .**

Look for the classification which describes the product or service desired. Then select the individual or concern with whom you wish to deal.

**WHEN YOU ARE LOOKING FOR A TRADE MARKED PRODUCT OR SERVICE . . .**

Turn to the appropriate classification and find the name of the product or service listed alphabetically within the column. Select your dealer from those listed under that brand name.

**WHEN YOU'VE FORGOTTEN ALL OR PART OF A BUSINESS FIRM'S NAME . . .**

Turn to the proper classification and you will find all the companies listed alphabetically by name. Then all you have to do is check those listed for the name or location you recognize.

*"Where to Buy It"*

Telephones designed  
for your  
every need!

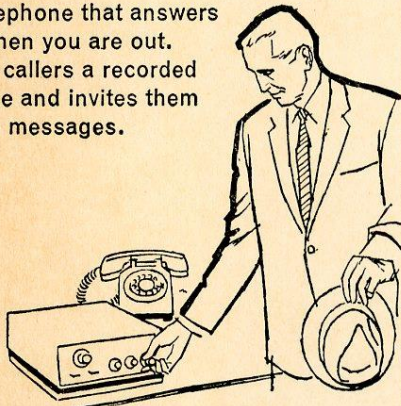

**WALL PHONE**

So popular in the kitchen, workshop,  
laundry and playroom.

**AMANDA**

The telephone that answers  
itself when you are out.  
It gives callers a recorded  
message and invites them  
to leave messages.

**SPEAKERPHONE**

New "hands free" way to telephone for  
business and residence use.

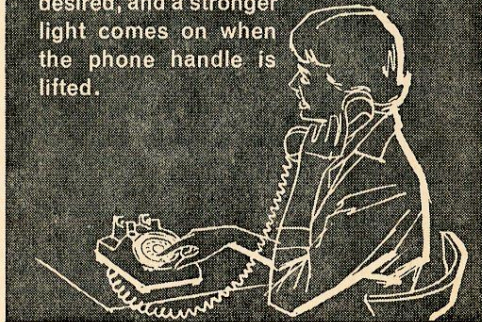

**PUSH BUTTON PHONE**

Enables you to use more than one line, hold  
calls, transfer calls to other lines, etc. Now  
available in decorator colors.

**LIGHTED PHONE**

No need to light the room to call or  
answer. A soft light can be left on, as  
desired, and a stronger  
light comes on when  
the phone handle is  
lifted.

Call your service representative to discuss your telephone needs.

Salem-Kinmundy, Ill.

add a new dimension to the

# Comforts of Home

You can add a smart decorative note, too, by choosing your phones from the wide range of attractive colors.

**CALL** your service representative to order more pleasure for *your* family.

See the **YELLOW PAGES** . . . your "where to buy it" guide
