ILLINOIS BELL TELEPHONE COMPANY

PAGES 1 TO 4 CONTAIN HELPFUL INFORMATION ABOUT YOUR TELEPHONE SERVICE
EMERGENCY NUMBERS ON PAGE 3

11-11-11-11-11

NEEDED — *more than a telephone*
TO GIVE YOU SERVICE

1. INSTRUMENTS

2. OUTSIDE PLANT

3. CENTRAL OFFICES

IT TAKES ALL THREE

1. Telephone instruments.
2. Wires or cable from the instruments to the telephone central office.
3. Switchboards and other equipment in the telephone central office.

Where there's a shortage of any one of these three, new service can be furnished only as equipment in use is released when present subscribers discontinue their service—or as additional equipment can be manufactured and installed.

SOME LONG DISTANCE RATES FROM KINMUNDY

NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. TO 4:30 A.M. AND ALL DAY SUNDAY
RATES ARE FOR 3 MINUTES (On Station-to-Station Calls of 25c or Less, 5 Minutes)

United States Government Tax not included in the rates shown below.

ILLINOIS BELL TELEPHONE COMPANY

W. A. GILMOR, Manager

Copyright, 1948, by the Illinois Bell Telephone Co., Chicago, Ill., Printed in U.S.A.

How to Use Your Telephone

- 1 **Look in the directory** if you're not sure of the number. If you do not find the number ask for "Information."
- 2 **Lift receiver and listen a moment** to see if anyone else is using the line. Then replace receiver, give the handle **three or four** complete turns, and then lift the receiver again. Listen for operator's "Number, please?"

- 3 **Give number to operator.** Always speak distinctly in an ordinary tone of voice directly into mouthpiece.
At the completion of a call, or to recall the operator, replace receiver and give the handle **one** quick turn.

INFORMATION ABOUT OUT-OF-TOWN CALLS

Wherever possible, please **Call by Number** when you telephone out of town, whether you wish a specified person or will talk to anyone who answers. If you do not know the number, the operator will supply it. Please make a note of it for future use.

STATION-TO-STATION CALLS

Place Station-to-station calls when you merely want us to ring a telephone number. Charges begin when anyone answers at the telephone you call.

COLLECT CALLS

If you place a call "Collect," and it is accepted on a "Collect" basis by the person you are calling, it is paid for by him instead of you. The charges are the same as on a regular Station-to-station call or Person-to-person call with one exception: There is a small additional charge on Station-to-station calls to telephones in Illinois when the regular rate is 30 cents or less and to telephones outside of Illinois when the regular rate is 20 cents or less.

On calls within the State of Illinois: If the party you are calling doesn't accept the charges, a "Report Charge" applies—to be paid by you. No "Report Charge" is made, however, if you decide to pay for the call yourself."

PERSON-TO-PERSON CALLS

Make a "Person" call when you want to talk to a particular person, or to a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges do not begin until the person or department you want is able to answer.

If you call from a point in Illinois to another point in Illinois, a "Report Charge" will be made if the person you want cannot be reached and you ask the operator to cancel the call.

REDUCED RATES

Between 6:00 P.M. and 4:30 A.M. Monday through Saturday, reduced rates are in effect. Rates are also reduced all day Sunday and on Thanksgiving, Christmas and New Year's. The reduced rates apply to "Station" calls if the initial period rate is more than 35 cents, and to "Person" calls if the rate is more than 50 cents.

REGULATIONS

APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in one of the following ways:

- (1) By furnishing references acceptable to the Telephone Company.
- (2) By providing a suitable guarantee in writing, in form prescribed by the Telephone Company.
- (3) By means of a cash deposit.

The Telephone Company may require the subscriber to increase the amount of the deposit at any time if, in its opinion, the charges billed against the subscriber are found to warrant such an increase.

Interest at the rate of not less than 5% per annum shall be paid by the Company on all deposits made for the purpose of establishing credit.

Service may be discontinued for failure to establish credit, as authorized above, within five days after the Company has served or mailed notice requiring the subscriber so to do. Where service has been discontinued for failure to establish credit as authorized by these Regulations, the regular restoral charge will be made and collected by the Company.

OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of any advertising device, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus, or devices are so attached or connected, or to terminate the service.

INTERRUPTIONS TO SERVICE

When requested by the subscriber, if service is interrupted for more than 24 hours, and for causes other than

the negligence or willful act of the subscriber, an allowance shall be made, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the Company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

PAYMENT FOR SERVICE

The subscriber is required to pay, in accordance with the Telephone Company's established tariffs, collection and billing practices, all charges for exchange service and equipment, and for all toll messages or service rendered to his station, including all toll messages on which the charges have been reversed and accepted by any party at his station. All bills are due when rendered and are payable at the Telephone Company's business offices.

In the event that any sum due (except as provided below) is not paid on or before the 14th day after the issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that the amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied in accordance with the preceding paragraphs, but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a Restoral of Service Charge of \$1.00 will be made. In case service has been denied, in addition to the restoral of service charge, the subscriber will be required to pay all service charges up to the time of restoral of service. Subsequent to the completion of an order to terminate the service, it will be reestablished only upon the basis of a new service application.

These Regulations are Excerpts from the Official Regulations of this Company as on File with the Illinois Commerce Commission, July 22, 1948.
