KINMUNDY, ILLINOIS, JANUARY, 31, 1923

No. 4

## K. H. S. WINS 3 MORE, LOOSES 1

"Kernel Cootie, Andy Gump,  
We keep 'eh all on the jump—  
Min!"

### Farina Game

Friday night, Dec. 22nd, Farina rambled down and seized a victory from K. H. S. to the score of 9 to 6. It was a good game and each man fought bitterly to the end. Each team made two field goals, the rest were free throws. In spite of losing the game, all basket ball fans still agree that Kinmundy has SOME team. This was Kinmundy's first defeat, but no team can go all season without being defeated, unless they are perfect or play small teams all the time. Just wait and see the game at Farina, Feb. 10th.

### Odin Game

On Friday, Jan. 5, the K. H. S. Basket ball team went to Odin to show what real basket ball was like, and they did it, as they defeated Odin to the score of 34 to 0. This was the first game in 1923, and we hope to have many more like it. The boys all played like the "peppy" bunch they are, and the result was that Odin was completely snowed under. Jimmy caged the baskets while Lee and Ham held them scoreless. Odin sure smelled a skunk. Those who made baskets were: J. Morgan 10, Hargraves 3, Hanson 1, Lee 2, and Nirider 1. Those from here who attended the game were Mary Miner, Mary Ford, Dorothy Pruett, Katherine Wormley, Margarie Warren, Mabel Garrett, Vivienne Hammers, Paul Hanna, Joy Fields, Leland Smith, Noel Hockaday and Eugene Winks.

### St. Elmo Game

The St. Elmo B. B. boys came down January 12th, to try their luck, but they got left just as Odin did. The score was 24 to 26 in favor of Kinmundy. It was a fast and snappy game, both teams had been defeated only once. At the end of the first half the score was 17 to 16 in favor of St. Elmo. The first four baskets for Kinmundy were caged by Hargraves. In the second quarter Carmean was put in and showed himself to be worthy of wearing the purple and white. The field baskets for Kinmundy were: Hargraves 5, C. Morgan 2, J. Morgan 3, Hamilton 1; free shots, J. Morgan 3, C. Morgan 1.

### Kinmundy Salts Another Game

Friday night, Jan. 19th, the purple and white team won a hard fought victory on the Sandoval floor by an 8 to 9 score.

In the first quarter, Doolen, Kinmundy's new forward was able to place a ringer, but the Sandoval boys came back with two field goals and one free throw.

At the beginning of the second quarter, Hamilton took Doolen's position and both teams were held scoreless.

During the third quarter the Morgan brothers woke up and Jimmy

## In Memory

Frank "Private" Doolen died at the U. S. Veterans Hospital in Chicago Dec. 29 1922. He was a member of the class of 1916. He was the first in the class to die. In all high school affairs he took an active part.

He was on the basket ball team of '13, '14, '15, and '16, and ended with a very good record, being noted for his skillful playing and good basket shooting. He never failed to get his share of the goals and often got very difficult shots.

On account of his height, he usually played forward and whenever he got his hands on the ball it was almost sure to go through the ring.

Private was a member of the Adelpheic Literary Society and also a class poet.

As a business manager of the "K. H. S. Amule." he was a winner. That was the first and last year book that was ever published by the high school and by their good work they made a success.

In losing Private, we lost a very good friend of the high school and a loyal supporter of the basket ball ever since 1916.

"Say, Bobo, how much did that fish weigh you caught last Tuesday?"

"How much'd I tell you it weighed when I told yuh last Tuesday? It ain't shrunk non, Beens, it ain't shrunk none."

Advanced Algebra Class Song—  
"Pass me not."

passed in two fields while "Kent" accounted for one.

The Sandoval boys were only able to cage one during this quarter.

In the beginning of the last quarter, Hanson received a foul and Sandoval tossed the basket, thus tying the score. The rest of the quarter was end with thirty seconds to play a Sandoval man made a foul and Jimmy caged the basket winning the game by a very small margin.

The Kinmundy boys were entirely off form and their ragged floor work and basket shooting showed very little of the speed machine that defeated St. Elmo the week before.

## DEBATING CLUB MAKES GREAT HEADWAY

The Debating Club which has only been organized about two months, is making great headway. Many pupils are being benefited by this organization. Four have already appeared before the public, Harry Hanson, Henry Boyd, Norvell Evans and Clyde Hamilton. Many of these members are going to look back in after years and see how much the Debating Club has helped them. The following are programs given by the Club in the past month.

Dec. 8, 1922

Reading—Lucile Combs.  
Optional—Henry Boyd.  
Debate—Resolved—That There Should be an Educational Qualification for Suffrage.

Affirmative—Ruth Lacey, Walter Harvey, Mary Winks.

Negative—Walter Doolen, Mary Nochman, Eugene Winks.  
Judges—Dorothy Widdis, Clyde Hamilton and Mildred Chance.

Clyde Morgan, Doorkeeper; Margaret Warren, Critic. The negative won by a vote of two to one.

Dec. 15, 1922

Reading—Rhea Hill.  
Optional, Rad McClure.  
Debate: Resolved That Environment is more of a help to a character than heredity.

Affirmative—Carroll Jones, Mildred Chance, Harold Arnold.

Negative—Eugene Kline, Vivienne Hammer, Alta McLain.

Judges: Cleon Pruett, Louis Hill and Margaret Warren.

Critic was Dorothy Pruett and Doorkeeper was Will Swift. Affirmative won by a vote of two to one.

Jan. 3, 1923

Debate: Resolved That the U. S. Should Cancel all Financial Obligations due From the Government of the Allies on Account of the World War.

Affirmative—Burdette Walkington, Margaret Warren, Dorothy Pruett.

Negative—Joe Coughlin, Lucile Combs, Rhea Hill.

Judges: Katherine Warnley, Mr. Mellich and Eugene Kline.

Critic—Rad McClure; Doorkeeper, Clyde Hamilton.

Negative won by a vote of 2 to 1. As this was the last of the semester the following officers were chosen:

President, Eugene Kline.  
Vice President, Joe Coughlin.

Secretary and Treasurer, Margaret Warren.

Next semester no new members will be admitted to the club.

The following pupils of Mrs. Brown's room are the proud possessors of Palmer Method Pins:

Audrey Duncan, Helen Balance, Marion Reischel, Mary Maxey, Helen Ingram, Dwight Ingram and Clinton Richardson.

## KINMUNDY IN THE SWIM

Once more K. H. S. is in the harness. What for? Why the American Boy Journalism Contest. Several weeks ago the Principal received enrollment blanks from the American Boy, through which, each High School publishing a paper might enter into the American Boy Journalism Contest. Through this each editor has a chance of winning a prize for his school as well as a personal prize. But the chief reason for the contest is to awaken the school to the fact that they, as a Student Body, are really a Civic organization. It seems hard to impress upon the minds of High School Students that in a few years they must grasp the reins of government and that the High School of today is the place for the boy or girl to receive the training for the citizens work of tomorrow.

The American Boy has recognized this need of awakening and through the different contests are struggling to make the High School students see the great need of closer unity and team work in the political organizations of the school.

So, K. H. S. we're in to win. Though our High School Enrollment is small, we have just as much chance of winning as any of the larger schools. Therefore let us think of some improvement that could be made in the Literary or Social functions of our school, for the way in which these are handled is going to show how we are going to handle the more difficult problems of Civic government in the future.

## WHY NOT A NEW GYMNASIUM?

This is the beginning of a drive for a new gymnasium for the school. Kinmundy is justly proud of her school and she has a reason to be. Kinmundy graduates and athletes have made good wherever they have gone. But still there seems to be something lacking. What it is, Kinmundy? There seems to be plenty of pep and enthusiasm in the school, but it does not seem to affect the town.

This year Kinmundy has one of the best basket ball teams she has produced in years. Every player is doing his duty for his school and more. Night after night he is willing to stand the knocks and bumps in a hall not fit for playing, to give the school and town a team to be proud of. So Kinmundy why not wake up and return the compliment by giving the boys a decent place to play and at the same time boost the town?

One time I was knocked senseless. Do you think you will ever recover?

Mr. Barcroft: Did you take a shower bath?  
Ham: No, was 'one missing?

## A SLACKER

What constitutes a Slacker in High School? Fellow students has that question ever entered your minds? Let us consider some of the things that might be termed "Slacker Habits."

A student that falls down in his studies might be called a Slacker. Both to himself and to the school. When a student fails to pass in his course, he has just thrown away so much time, it is time spent for which he receives no wages, the wages consisting of what is indented upon the mind of the student. In the sense that he is a slacker to the school. He is judged by the standing of the pupils in their studies. Where the grades are high and the scholarship good, the influence of the school is greater, and one thing which every loyal student desires to see is his school at the top of the list.

Another class of "slackers" might be those who have a natural talent for music, public speaking, or other literary work, yet refuse to use the talent. They are not only hurting the school by their lack of interest in the school activities, but are also hurting themselves by refusing to develop this talent.

The last, and perhaps the most noticeable group of "slackers," are those connected with the athletics of the school. Everyone is not an athlete. Some, however, may become so by hard work and careful training. Too often in school especially in High School, there is a tendency to believe that those who "make" the team, have a "pull" with the coach. This may be true in some cases, but they are very, very few. By careful observation you will generally find that those who get on the team are those who are willing to work. There are very few coaches who will not give a man a chance if he really tries and deserves it. The most of the "slackers" of this bunch will be found among the scrub team. They say, "What's the use for me to go to the gym and get all messed up? I'll never make the team. I get the bumps and the other fellow gets the glory. No sir, I'm through."

Fellow students, I believe that the "scrub" who turns out every day for practice, through all his four years

## REV. SMITH VISITS SCHOOL

On Tuesday morning, Jan. 16, Rev. Smith, pastor of the M. E. church South, made a visit to the High School. He was welcomed very warmly by the teachers and pupils of the school. Rev. Smith is not one of those men who go around finding fault with everyone and everybody, but a man who is always smiling, and has a good word for everyone, everywhere. The school was much pleased to have him come.

Rev. Smith made a splendid talk, one that was very interesting to everyone. He spoke in the interest of the High Schools and the great work that is being accomplished, and the necessity of pushing onward the education after High School days are over. Although we feel now that we will be at our greatest when we graduate from High School, we know what Mr. Smith said is true, that the education which we have when we graduate from High School is only the beginning of a real education.

Rev. Smith also visited the grade schools. We certainly enjoyed his visit and hope that he may come again soon. We are proud of our school and like for people to come and see what we are doing. Although we have had many visitors there has been none any more welcome than Rev. Smith.

## CALENDAR

- Jan. 1—A visitor in the Senior class. Jimmy gets interested.
- Jan. 2. Ham asks to go to the lake to get the celluloid blow-torch.
- Jan. 3—Mrs. Mallrich asks Dot far air in English class. Hot or cold, Mrs. Mallrich?
- Jan. 4—Two Seniors swap seats. Not by request.
- Jan. 5—Ruth A. stars in Physics.
- Jan. 6—Mr. Mallrich tells Zoology class what whale bone is used for.
- Jan. 10—Jimmy tells the Physics class how to make home brew.
- Jan. 11—Semester tests.
- Jan. 12—Same, only worse.
- Jan. 15—Eli Doolen starts to school.
- Jan. 16—Rev. Smith visits school.
- Jan. 17—Vivian forgets to curl her hair.
- Jan. 18—Gordon Winks, a postmaster, enters the Senior class.
- Jan. 19—Literary program.

## The Freshmen Edition

The Tattler is to be put out by the different classes. The Freshmen are to put out this copy. We intend to make it the best that has been printed this year and have worked hard to do so. A meeting was called for the class to elect a staff. Those elected were: Katherine Wormley, Ona Arnold, Walter Doolen, Maragret Warren, Janie Gilley, Rad McClure, Chester Walters and Dwight Alexander. Each one had a part and the entire class helped.

of school, is just as much benefit to the school as the fellow who stars on the regular team.

## LITERARY PROGRAMS

### "Utopian Literary Society."

On Friday afternoon, Dec. 22, 1922, the Utopians gave a Christmas program. Jimmy Morgan, president of the society called the house to order and the roll was called by the secretary, Wilma Bowers. The following program was given:

The song, "Christmas Carol" was given in honor of the occasion by the High School. It was well rendered, each pupil doing their best on the song.

The Reading given by Burdett Walkington was very good. Every one enjoyed hearing about "Aunt Roxie" and "The Old Woman in the Shoe. When it comes to speaking, Burdette certainly carries off the prize.

The next number was a Christmas story read by Ruth Hanna. The story was very good and Ruth certainly read it well.

The vocal duet given by Leon Warren and Helen Reece was very beautiful. They are very good singers. More than that they are willing to sing and help out the program. Willingness is what counts.

The High School song came next by the school. A number that every pupil took part in and a song that never grows old no matter how often it is sung.

The story, "Christmas on the Train" read by Vivienne Hammers was enjoyed by all. It was a real story, one that any Author would be proud of.

The briefs were read by Martha Nelms. Briefs are always enjoyed by everyone and that afternoon was not an exception to the rule.

The Critics report given by Miss Bagott ended the program.

The Christmas box was then brought in and the presents were distributed. Everyone, including the teachers, received some gift. Many visitors were present and the program was greatly enjoyed.

The program was greatly enjoyed by all. We hope all our programs will be as good as this one.

### Delphian Literary Society

The Delphians gave their Literary program Friday afternoon, Jan. 19, 1923. Paul Hanna, the Society President and Mary Ford, Secretary took charge of the meeting. The following program was given:

The song, "Boy Scouts March" was given by the school.

The next number was the debate, the subject being—Resolved: "That Lincoln was a greater man than Washington."

Those on the affirmative side were: Gail Nines, Gladys White, and Katherine Wormley. On the negative side were: Will Swift, Vivienne Hammers and Dorothy Widdis. All the talks were very good and each seemed to have their side win. The Negative was defeated.

The third number was a selection by the High School orchestra, enjoyed by everyone. There is certainly nothing more pleasing to listen to than good music.

The Reading given by Rhea Hill of a "wonder woman" was very good.

## Honor Roll

The following students have a deportment of 95 or better and a general average of 92 or above for the third six weeks work.

Margaret Warren again ranked first in the entire high school with an average of 96½, Ona Arnold second with an average of 96 and Katherine Wormley third with an average of 95½.

## Exchanges

The Senior class of the Sparta Township High School gave the play "Nothing But the Truth" and scored a great success.

Every edition of the "Orange and Black" seems to be better and better. The Mt. Vernon team has lost only one out of ten games played so far and that was to Marion.

The McKendree basket ball team went to Warrenton, Mo. on Jan. 10 and met their first defeat at the hands of the big Central Wesleyan team. The score was 41 to 31.

Many of our readers will doubtless be interested to know what the arena team is doing this year. So far they have been undefeated. They are the only team that has held the upper hand over Kinmundy this year. On Saturday night Jan. 20, they went to Greenville and defeated them. The score was 29 to 25.

Centralia is playing in hard luck this year. Many things however may be taken into consideration in regard to her poor showing, the chief of which is the losing of so many stars of last year by graduation. The team is expected to speed up by tournament time and give someone a real battle for first honors.

Mr. Barcroft: Which would be the more staple, a table with a wooden top or one with a marble top?

Norvell Evans: I think it would depend upon the length of the legs.

The instrumental solo by Janie Gilley was praised by everyone. Janie is one of our best musicians.

The briefs read by Merle Nirider were enjoyed by all.

The Critics report by Miss Fisher finished the program.

If you don't like the paper, help make one yourself. Your ideas are always welcome

**K. H. S. Freshmen Win**

The Kinmundy Freshmen motored to Loogootee on Dec. 26, 1922, and defeated them to the score of 25-18. The Freshmen line-up were:-

J. Boyd, Capt.	Center
F. Lee	Forward
W. Morgan	Forward
F. Hamilton	Guard
B. Ball	Guard

The K. H. S. Freshmen won their second game from Loogootee on Sat. Jan. 10 by a score of 22 to 20.

The Freshies opened the offensive and for a time it looked as if they were going to have a walkaway. In the last quarter the Loogootee boys rallied and when the final whistle blew the score was tied 18-18.

In the first five minutes over time, each team made one field goal and again tied the score. During the second five minute period the Freshies caged another one but held their opponenes scoreless. Thus the game ended 22 to 20 in K. H. S's. favor.

**High School Accredited**

Mr. H. L. Camp, high school examiner from the University of Illinois, visited our high school on the afternoon of Jan. 22. The work we are doing here was commended, and especially the excellent school spirit shown by the students and teachers. Our school will remain on the accredited list.

To be efficient a high school must minister to the physical wants as well as to the mental wants of the pupil. The building must be such that it will be convenient, comfortable and safe. It must do its part in making a pleasant environment. During the past year much has been done in that line, the most important being the fitting up of a new big laboratory.

The well educated man of today is the well-read man. Realizing this, our high School has in the last year spent several hundred dollars for books. But we need more, and every effort is being made to increase our library.

Mrs. Mallrich: Clyde, were you whispering.

Ham: No, I was only looking around to see where you were.

He-Did you know that the wooden rand stand had collapsed?

She-How did it happen?

He-Wooden stand.

**Gossip!!**

Where did Mr. Barcroft get his black eye.

The Commercial law class is the brightest in school.

Coach Barcroft changed centers in B. B. because the old ones were jumping so high they were tearing out the ceiling.

New radiators were installed about Jan. 1. Some people called them chicken coops.

Does Tubby Williams know the difference between a Ford and a moon. Ask him.

Everybody is feeling a little bit worse or better. Exams are over.

A hint to Mr. Barcroft: You can catch the queen if you've got the jack, and the best bet is to bid on diamonds.

What is Margaret Warren's favorite candy? Ask her.

Delbert Smith is a lady killer---It must be with a club.

Information wanted: Why does Henry B. get his napkin so dirty?

Alice B lance has moved to Salem. The Freshie Class feels very small now as there were 48 before she left and now there are 47.

Many pupils are out of school this week. Why? Semesters exams all last week.

When asked what was the important product of California, Hester Heaton replied, "dates". You ought to know, Hester, you've been there.

Mr. Barcroft makes an important discovery in Physics: A blow torch must contain gasoline before it will burn.

Mr. Barcroft: Give an example of a frictionless machine.

Jim Morgan: Kinmundy's Basket Ball Team.

Ellamae gave an exhibition of writing in the assembly the other day but a part of it had to go under the severe censorship of Kathryn and Mrs. Mallrich

If you want to learn to shoot baskets ask Henry Boyd, Basket Shooter, Inc.

What makes Ellamae look so cute when she does not know a question?

Leland Smith chief ambition---to play basket ball.

Lyle: The path of glory lead but to the grave.

Leland Smith spends his sparetime time selling stocks for his duck farm. Take 'em while they're hot.

Ham---English one, two, button my shoe, English three, four, out the door. Then I'll be through.

Chester Walters---I would like to operate a station in a certain town.

How do ya figger it? Kinmundy beat Sandoval, Sandoval beat Carlyle, Carlyle beat Centralia.

Mr. Mallrich: Why did the Eighteenth Amendment pass?

Jim Morgan: More Senators voted for it than against it.

**A GASOLINE ENGINE**

In the exposition chamber of a gasoline engine there are two valves which open and close alternately and two spark points. A hollow tube reaches from the gasoline tank to the carburator then to the explosion chamber.

When the fly wheels of the engine are turned the gasoline is drawn from tank to the carburator through the tube. There it is mixed with air which makes a gas out of it. The intake valve in the explosion chamber is opened and the gas is drawn in. Then the valve closes.

An electric spark is brought to the spark points by a wire from the magneto.

When the fly wheel reaches a fixed point the piston compresses the gas and the spark points close. This makes a spark which explodes the gas, driving the piston outward which turns the fly wheels. Then the exhaust opens, the burnt gas escapes, and the fresh gas is again drawn in ready for another explosion.--Harold Arnold.

**"A JOURNEY TO CAMP"**

Last summer we Camp Fire Girls decided that we would go to Salem on a camping trip, during the Soldiers' and Sailors' Reunion. We were to start on Monday morning at six o'clock, so when Monday morning came, we all had to get up early, in order to catch our train. We were all at the station in plenty of time, and after a few minutes of waiting, the train pulled in, we got aboard, and were off. Our chaperone was not with us for she was to go in a car, and reach Salem, about the same time we did.

When we reached Salem, we hiked out to the fair grounds, but when we got there, we found that our chaperone had not arrived, so we sat down under the trees to wait. While we were waiting, we found the tent that had been put aside for us.

As we sat there waiting, another party came, and began looking for a tent also, they looked at several of the tents, but finally decided that they liked our best. One of them took a basket and some other things and left them in the tent. We began to fear that they were going to try to claim it, but just as they came back, the truck, bringing our things, drove in. We directed the driver to unload them at our tent. So the other people had to remove their things, and we began to get ready for the week of pleasure to follow.--Margaret Warren.

The shades of night were falling fast, As from the earth a Senior High school student passed; Before they bore him to the ground, They cracked his head and there they found--no telling what.

Talk about service---With every drink of white mule, the bootleggers are now serving a whisk brook so you can dust off when you pick yourself up.

De'bert Smith—Coming late to class.  
Dot Pruett—Giggling.  
Dorothy Widdis—Putting down the window.  
Lyle Hargraves—Sleeping.  
Mary Miner—Talking to Norvell Evans.  
Walter Harvey—Absent.

Georgia: Did you ask papa?  
Mr. Barcroft: No, I got those cuts on my face at the barber shop.

John Boyd was sitting on the porch reading a book when his mother called. "John, come and rock the baby." John who was very interested in his book said, "Mother, I will if you'll get the rocks."

Finis Hamilton had been to school and went running home and told his mother that Miss Fisher had sent him to the office because he was the only one in class who could answer her question. His mother said, "Well, I'll see her about it. What was the question, Finis?"  
Finis: "Oh, she wanted to know who put the glue in her ink bottle."

"Could you fix me up a dose of castor oil so it won't taste?" asked the girl of the druggist.  
Certainly, madam. Won't you have a glass of soda while you are waiting?"  
"Oh, thank you," the girl replied, after drinking the soda.  
Is there anything else?" asked the druggist.  
"No, just the oil."  
"But you have just drank it."  
"Oh, dear. It was for mother."

Teacher to a freshie sitting on a sign post: What are you sitting there for?  
Fre-hie: You told us to write a composition on a sign post, didn't you?

**LOVELY CHAUFFING**  
Tish—They appear to be a well matched pair.  
Tush—I should say so! Her father sells tires, and his, gasoline.

Father: I never smoked when I was your age. Will you be able to tel that to your son when you are my age?  
Son: Not with as straight a face as you, father.

Mr. Barcroft: I had no idea you were going to marry that little widow.  
Mr. Malrich: Neither did I. The idea was hers.

Gladys W; Compose me a short story.  
Eugene K: I love you.  
Gladys: Accepted.

**MY OLD FORD**  
Of my old Ford everybody makes fun; They say it was born in nineteen one. Maybe it was but this I'll bet, She's good for many a long mile yet. The windshield's gone—and the radiator leaks, The fan belt slips and the horsepower squeaks, She makes the screws and the nuts all loose But I get 40 miles on a gallon of juice. When I can't get gas I burn kerosene, And I've driven home on Paris Green. She has a rattle in front and a grind in the rear, And a Chinese puzzle for a steering gear.

Her coils are dead and her plugs won't fire, And her piston rings are baling wire. But in spite of this she pulls me through And that's about a'l any car can do. With high-priced cars they give you tools, Some extra parts and a book of rules. Some wire stretchers and a pair of shears Are all I have carried in 15 years. And if I live to see the day She falls to pieces like the one horse shav. If old Hank Ford stays in the game. I'll buy another by the same darn name.

Katherine Wormley: My dress-maker says that a soft simple little thing suits me best.  
Ches'er Walters: Was she referring to me?
