K. H. S. GOES TO SEMI-FINALS IN MT. VERNON TOURNAMENT

Wallops Broughton 44 to 9, trims Coulterville 19 to 17; but stopped by Sparta's huskies 24 to 10.

The team—John Lee, Eli Doolen, Lyle Hargraves, Jim Morgan, Harry Hanson, Clyde Hamilton, Clyde Morgan, Florus Carmean, Merle Nirider, Henry Boyd and Coach Barcroft.

It looked like Kinmundy would not get to go to the tournament this year as most of the first team were sick just before the tournament, but they all went and played up to the semi-finals.

The first game was with Broughton and was an easy victory. The game started with Hargraves getting the first basket, Lee followed up with another, and in this quarter Kinmundy held them scoreless, the quarter ending 14 to 0.

The second quarter the boys took things easy, getting only five points to Broughton's five. Doolen caged two field goals and a free shot, quarter ending 19 to 5.

The third quarter Lee caged two splendid baskets, Hargraves and Doolen caged two apiece and Hamilton one, allowing Broughton a free shot, quarter ending 33 to 6.

Fourth quarter J. Morgan, Carmean and Boyd were substituted for Doolen, C. Morgan and Hamilton, fourth quarter ended 44 to 9.

Kinmundy:—

	G.	FT.	F.
Hargraves, F.	6	0	1
C. Morgan, F.	0	0	1
Doolen, C.	4	1	1
Lee, G.	5	0	2
Hamilton, G.	2	0	2
J. Morgan, C.	4	1	0
Boyd, F.	0	0	0
Carmean, G.	0	0	0

The second game was with Coulterville, Friday night. The dope was all on Coulterville. The first quarter Kinmundy played poor ball, letting Coulterville make a long shot and four free shots, and slipped in a nice basket from the field, ending the quarter 6 to 2.

The next quarter Kinmundy decided to play ball, Coulterville caging two field goals and a free shot while Kinmundy advanced the score with Hargraves caging two nice ones, Hamilton dribbling through their five man defense and caging a pretty one, and Doolen caged a free shot. Quarter ending 11 to 9, still in Coulterville's favor.

Third quarter J. Morgan took Hamilton's place and Carmean replaced Hargraves. In this quarter J. Morgan got a pot shot and Doolen a free shot, ending the quarter 13 to 12, still in favor of Coulterville.

The fourth quarter was nip and tuck, both teams fighting hard, to stay on top. Lee received the ball under Coulterville's basket, dribbled through their five man defense with the greatest of ease and nabbed a

KINMUNDY THROWS PARTY FOR ALTAMONT

The K. H. S. quintet motored to Altamont Friday Feb. 23 and unwillingly played the fast Altamont five and were defeated 57 to 4. The game was played by the second team with the exception of Lee and Hargraves; Coach Barcroft tried to call the game off but their Coach would not submit to it because it had been advertised for some time.

Altamont has one of the best teams in the country and Kinmundy knew it was useless to try to outplay such a strong team with the second team. So the boys got them a corner and stayed there and watched the machine work.

Everybody seemed to enjoy the game even the local team was well satisfied with it. The scores were made by Lee and Hargraves. The lineup was as follows:

Hargraves, f; Hamilton, f; Boyd, c; Lee, g; Carmean, g; Nirider, g.

JUNIOR PRACTICE

The Junior class began practicing their play about the middle of March. It has been the time honored custom in K. H. S. for the class that is practicing to have complete possession of the building during practice hours. The usual way of dampening the enthusiasm of those who would see the play before the presentation is to dump water out of the upper windows. So far the watery attacks have only been successful upon two Seniors who were at the school house on business. (?)

Since the beginning of practice, "Beans" Carmean has developed into a "ladies man." It is rumored that he has acquired so much nerve that he does not flinch from walking past the graveyard in the wee, small hours of the night. Carroll Jones is also showing like tendencies and Mary Esther no longer has to go home alone. Perhaps the worst case, however, is Alice and Mildred. Norton and Walter are always on deck. But such is life in a small town, especially when spring is approaching.

pretty one, making the score 14 to 13 in our favor. They soon caged a free shot, tying the score 14 to 14. Doolen soon caged a pot shot, and Lee dribbled through their defense again for another ringer, the score now 18 to 14 with K. H. S. in the lead. The time was now very short, Coulterville caged a free shot, followed by one from Doolen. Coulterville caged a lucky one just before the gun was fired and game ended 19 to 17 in our favor.

Think what the boys would have done if they had a place to play in Kinmundy was the only team at the tournament which had a cracker box and a pond for a game.

JUNIOR PLAY

The Junior Class play "A College Town" will be presented at the school house on the nights of March 30 and 31st, under the direction of Mrs. W. W. Neil. The boys in the play are Eugene Kline, Joe Coughlin, Paul Hanna, Eli Doo'en, Florus Carmean, Humphrew Gramley, Carroll Jones, and Clyde Morgan. The girls are Alice French, Thelma Boyd, Velma Marlow, Juanita Smith, Clara Williams, Mildred Chance, Mary E. Williams and Gladys White. The Juniors promise you three hours of solid laughter and entertainment, readings by Mrs. Mallrich and Lucile Combs and music by Leone Warren.

This play is different from the other plays that have been here before. It furnishes comedy and climaxes galore. Oh! yes, heaps of fun.

Jimmie Cavendish, a very popular Senior, at college, in Rah-rah enthusiasm has kissed the wife of the professor and engaged in other things, which get him in trouble with the faculty. Jimmie alibis to the charges of the major and of the faculty, by saying he was spending the evening with his aunt Jane—a millionairess from Wall Street, New York. The faculty insist upon seeing the aunt and to help Jimmie out of the scrape, Tad, Marjorie, and Shorty, unknown to each other, impersonate the Aunt Jane.

Finally the real aunt arrives and the comical events follow. A football game brings in strong dramatic situations.

Everybody come and live three hours through laughter. The admission is only 25c and 35c, reserved seats 50c. The tickets will be on sale at Zimmer's restaurant, commencing Saturday, March 24th.

Remember, March 30th and 31st Come and see the "Ace of Spades" and "the college cut-up."

Everybody invited. Curtain 8 P. M.

BASE BALL

Once more the K. H. S. baseball boys are ready for a successful baseball season as was the basketball season. With the good coaching of Mr. Barcroft, and the real skill of the players, we are sure of a successful baseball team.

The Junior Pennant

The Juniors wish to extend a vote of thanks to Thelma Boyd, the maker of their beautiful green and white pennant which holds its place of honor on the assembly room wall.

Green and white pennants may also be seen floating down main street most every day as the Juniors have introduced a fad of wearing arm bands.

BANKER VISITS SCHOOL

Mr. C. R. Alderson of the First National Bank, made a visit and talk at the High School Wednesday morning, March 7th His talk was for the purpose of explaining some banking terms to the school in general and especially to the Commercial Law class. Among the points he brought out were the tracing of a check from the giver to the bank; so he explained the Federal Loan Banking System and located the different Federal Banks. His talk was one of the most interesting and instructive given this year and was appreciated very much by the students and faculty.

THE K. H. S. ROLL OF HONOR

Seniors—Hazel Boughers, Mary Ford, Mabel Garrett.

Juniors—Joe Coughlin, Mildred Ingram, Eugene Kline, Velma Marlow, Mary Winks.

Sophomores—Frances Boyd, Burdette Welkington.

Freshmen—Ona Arnold, Harold Arnold, Elva Ruth Johnson, Wesley Morgan, Merle Nirider, Mary Nechman, Margaret Warren, Katherine Wormley.

THE CONTRIBUTION BOX

Students, there is a small, lonesome box sitting on the piano. It is called the Contribution Box. So far, it has been the neglected member of our High School. We have but one more issue to publish. Therefore, let's do our duty by the little box for once. Let's jam it full of "dope" for the April edition. Everybody help.

Sparta Hoodooes K. H. S.

Kinmundy bumped into the Sparta team for her last game at the Tournament. The K. H. S. boys were game sports but Sparta's aggregation, consisting of an all-star guard, and a cross-eyed forward, were too much for our nerves.

Without Hanson, our regular standing guard, the Sparta forwards went thru our defense almost at will. Lee, the lightest weight guard in the tournament, was all over the floor but the size of the opponents was greatly against him. Considering the poor physical condition of the K. H. S. team, the score was as small as could be expected. The final gunshowed a total of 24 to 10 in favor of Sparta.

There is only one difference between a Freshman chewing gum and a cow chewing her cud. The cow looks more thoughtful.

Miss Fisher: "Your answer reminds me of Quebec."

Ham: "How come?"

Miss Fisher: "It is built on a bluff."

K. H. S. Gym

Once again the students of K. H. S. are asking for a Gym. Kinmundy is very much in need of a gymnasium. A school as large and as good as K. H. S. should have one. Think what it would mean--it would mean a place for the high school plays. Every year the people have to crowd in a small place to see the play and the plays could be made much better if they had a decent place in which to have them.

It would also be a place for the debating clubs to meet and these clubs have been a great success in K. H. S. and most of all for the basket-ball. Kinmundy is about the only town of its size, and for such a good high school in Southern Illinois, that has not a decent place for their basket-ball games.

Kinmundy has always had good material for a basket-ball team, but for the last six years have not had a decent place for them to play in and show what they could do. This year Kinmundy had one of the best basket-ball teams she has produced since 1916 and that year they had a good one. Why? Because they had a decent place to play. That was the year the Opera House burned and since then the boys have had to play in a hall that is not large enough to turn around in.

They come out every year and take many a hard knock on account of the small hall, which makes the game so rough and if the hall was large enough so they could play team work the games would not be near so rough.

A boy has to think a great deal of his high school to come out and play all year in a small building, sometimes under water, but they do it, which shows what kind of spirit they have.

This year K. H. S. went to the semi-finals in the Mt. Vernon tournament and the first team had not even had hold of a ball for almost three weeks as they had all been sick and no hall to play in.

Many other things could be named for which a gym might be useful, not only to the high school, but to the

whole town. Are the people of Kinmundy going to go back to a century ago, or are they going to advance with the world and build up Kinmundy? Are you going to be a slacker? Do you want every one to know you are not doing your duty? Do you want to be proud to say that you are from Kinmundy, or don't want people to know that you are from Kinmundy?

Don't forget you are not living in Tonti. You are living in Kinmundy, so let's all boost and boost hard for a gym.

The Perfect Scholar

He never whispered loud in class,
 He never teased the girls,
 He never walked on the campus grass
 Nor danced the naughty whirls.

He never let his lessons go,
 Nor caused his teacher's grief
 He never saw a picture show
 Nor made his lessons brief.

He never threw trash in the hall
 He never told a lie
 He never cheated--not at all
 Or p nched a school-mates eye.

He never said--"I do not know"
 Nor has he ever sworn,
 He never had an earthly foe
 He never has been born.

Stop! Look! and Play Tennis

Summer is coming, everyone is looking forward to a good time, so let's play tennis. Last fall very little interest was taken in tennis, but we are hoping that there will be more come out for tennis this Spring than there was last Fall. This Spring there will be two courts and maybe three. This will provide all a place to play, so why not join and help us with tennis. Last Fall we tied Farina in a tennis match, so why can't we do the same thing this Spring. Among the ones who will probably come out to make the team are: Norvell Evans, Henry Boyd, Gail Hines, Harold Yund, Gene Winks and Paul Hanna. If every one will come out and work we will enjoy a successful season of tennis. Does this Spring are going to be so cheap that all can afford to join. Among places that we will probably play are: Odin, Farina and Pateka. Come out and help us have a successful season of tennis.

Watch the Bulletin Board

During the past few weeks there has been some confusion due to the fact that some people pay too little attention to the bulletin board. This concerns both the welfare of the debating club and that of the morning programs. In being so negligent, such persons are the cause of their beneficial and entertaining exercises being failures.

If all persons concerned will pay close attention to the bulletin board this will be another way to boost our dear old K. H. S. along to prosperity.

The Salem paper announced that Mrs. V. V. Barcroft visited Centralia. What are you holding out on us Mr. Barcroft?

The Freshmen wish us to announce that they were the first to have a pennant in the Assembly this year.

**A Visit From The
 County Nurse**

On March 8, 9 and 13, the county
 nurse, Mrs. Olive Webster and her
 assistant, Miss Groves, visited the
 school. They examined all the
 pupils.

During the last few years they
 have been trying to better the health
 conditions of every community. To
 further this plan the county nurse
 has made it her work to visit the
 different schools of the county to
 make an examination of the child-
 ren.

Children and parents learned of
 health defects which they seriously
 knew nothing. Much good can be
 gained from Mrs. Webster's visit if
 the parents will help the children to
 carry out the directions given on
 the back of their cards.

A large number both in grade and
 high school were found to have de-
 fective eyes. This examination may
 be the means of saving the eyesight
 of many, if their eyes are treated
 while young.

The report from 108 who were
 examined in high school is as fol-
 lows: 40 overweight, 64 underweight
 39 with defective eyes, 9 with de-
 fective ears, 89 with defective nose
 and throat, 38 with defective teeth,
 18 with defective glands. Two boys
 were found to be normal physically.
 The reports from the girls has not
 been completed.

Gossip!

Henry (with much enthusiasm): "I
 could go on dancing with you like
 this forever."

Mable Garrett: "Oh, no, you could-
 n't possibly. You're bound to im-
 prove some."

Hump: "What course do you ex-
 pect to graduate in?"
 Will: "In the course of time."

John L.: "Have you heard of that
 new frat?"

Wessie: "What new frat?"

Soph.: "Why haven't you heard of
 Eska Mo Pie?"

Red Winks: "Why, Eli, how nice
 your hair looks this morning."

Eli: "I am sorry I can't return the
 compliment."

Red Winks: "You could if you
 told a lie like I did."

Miss Fisher: "A fool can ask
 more questions than a wise man can
 answer."

Ham: "That's the reason so many
 of us flunked."

Minister: "Do you attend a place
 of worship?"
 Walter McHattan: "Yes, I'm on
 my way to her house now."

Did you hear about Mr. Mallrich
 thinking he had left his watch at
 home, and then taking it out to see
 if he had time to go back and get it.

Gail: "Why are you going fish-
 ing with a mouse for bait?"
 Delbert: "I'm going after cat-
 fish."

Ivy: "What do you like most about
 her?"
 Beans: "My arms."

Mr. Mallrich: "If the President,
 Vice President, and all the members
 of the Cabinet died who would offi-
 ciate?"

Paul Hanna: "The undertaker."

THE FLAPPER

Blessings on thee, little dame
 Barebacked girl with knees the same
 With thy red lips reddened more,
 Smear'd with lipstick from the store
 With thy turned down silken hose
 And the powdered tipped up nose

From my heart I give thee joy
 Glad that I was born a boy.

Of all sad words of tongue or pen
 The saddest of these: Stung again!
 But in the hereafter Jimmie may,
 Get a date with a girl someday.

It is extremely hard for Henry to
 keep his mind on his classes, these
 fine spring days.

HUMOR

For information as to how the glass got on the floor at the Grand Hotel in Mt. Vernon, apply to any of the boys who slept in room 29.

Wanted to know—by Bobo—How come, I ordered a chicken dinner and they brought me fish? Perhaps Lyle, its because you look so fishy.

"Jakie" said the teacher, "what is a synonym?"

"A synonym," answered Jakie, "is a word you use when you can't spell the other one."

"Let me kiss your hand," he said, With looks of burning love.

"I can remove my veil," she said. "Much easier than my glove."

HIS WIFE'S NAME

In view of the present increasing number of weddings occurring as the holidays grow near, the following might be of use in the learning his wife's name:

- A chemist's wife—Anna Eliza.
- A civil engineer's wife—Brigit.
- A gardener's wife—Flora.
- A clergyman's wife—Marie.
- A shoemaker's wife—Peggy.
- A sexton's wife—Belle.
- A porter's wife—Carrie.
- A milliner's wife—Hattie.
- A pianist's wife—Octavia.
- A life saver's wife—Caroline.
- An upholster's wife—Sophie.
- An astronomer's wife—Stella.
- A doctor's wife—Patience.
- A fisherman's wife—Nettie.
- A marksman's wife—Amy.

ANSWER THESE IF YOU CAN

Did you ever see: A board walk? A stone step? A cow slip? A peanut stand? A sardine box? A house fly? A bed spring? A clock run? An ink stand? A morning break? A night fall? A mill run? Or answer these: Do ships have eyes when they go out to sea? Are there springs in the ocean's bed? Does the river ever lose its head? Is a newspaper white when it's read? When you eat a square meal do the corners hurt? Is a baker broke when he is making dough?

Mr. Mallrich told the Civics class all about women policeman. Where did you meet them Mr. Mallrich?

ON A JUNIOR VALENTINE

I love you now
I love you still
I always have
And I always will.

We have always suspected, but here-to fore have never proven that Red Winks was a confirmed women hater. Perhaps his big brother's romance (?) has set him in the 'straight and narrow'.

BY A SENIOR GIRL

'Tis better to have been kissed and caught
Than never to have been kissed at all.

Mr. Barcroft explained the resistance of iron to the Physic Class. How much resistance in porch swing chains Mr. Barcroft?

Info wanted: Are the Senior specs fact, fad or fancy? Some come, others go.

The county nurse told Henry he was a nervous wreck. Did you ever see an editor who wasn't?

Several of the Junior girls were in the cloak room talking and as usual their subject was Henry, Some liking him, others not. One thinking he had the "big head" and bragged too much about his own self. They were on the verge of a quarrel when Vivienne Hamers came in. Vivienne of course taking Henry's part—(thinking that the conversation was of Henry Boyd), but she was quickly informed that the Henry that the Juniors were talking about was Henry Esmond.
